

Grateful Heart

by T. Heller

Lyrics

My big brother called me just the other day
Just checking in, making sure I'm still okay
But God calls each of us to do our own part
He caught my attention and pierced through my heart

He said I got a serious question for you
And I want you to think on what you would do
If all else you hold dear would cease ever more
And you only had left what you've thanked the Lord for

May your faith fill you with joy every day
With every step you take remember to pray
You know the Father's will for each of us
In all things you do keep a grateful heart

All that we have is provided by Him
And the greatest of all is forgiveness of sin
If you but open your eyes and look all around
All thanks be to God for His blessings abound

The Lord plans you to live a life filled with joy
While we live on this earth it's our reason to grow
Closer to Him and in so doing find
Our hearts more Christlike, more thankful and kind

May your faith fill you with joy every day
With every step you take remember to pray
You know the Father's will for each of us
In all things you do keep a grateful heart
